

After nearly two decades in business, E-Closing became a part of the Old Republic Title family. This cloud-based title software solution is ideal because you can smoothly operate without ever leaving E-Closings portal.

Working with E-Closing gives your agency added efficiency and security.

- The Closing Portal improves communication and productivity with all parties in a portal you can brand as your own.
- Generate your policy without ever leaving E-Closing. Issue CPLs, policy jackets, and submit your policy images electronically thanks to its integrations with Old Republic Title.
- E-Closing’s innovative features can modernize your operations. It integrates with your industry partners.
- Reconciliation – this add-on for Old Republic Title agents is a daily, automated service is a solution that reconciles your banking data with your escrow transactions.
- Order searches – in the states of CT, FL, and PA you can order a search directly from your E-Closing platform.
